THE BROTHERS ARE HISTORY!

One night little Giana falls asleep and wakes in a strange dream world. Run, jump and smash your way through 33 stages of castles and caves, find the magic diamond and dream your way home: the 1987 classic, rebuilt for the Spectrum.

- 33 stages of platforming
- 8 different power-ups
- 2 player mode
- Joystick support

Unofficial fan-made ZX Spectrum conversion of The Great Giana Sisters (Time Warp / Rainbow Arts, 1987). Not for sale. Conversion by Kirby2000.

HOW TO PLAY

Lead Giana from the start of each stage to its exit before the clock runs out. Jump on creatures to squash them and butt blocks from below for diamonds and bonus symbols: 100 diamonds give an extra life. Holes, spikes and fire are deadly.

LOADING

Tape: LOAD "" and ENTER (on a 128K or +2 choose Tape Loader), then PLAY. 48K multiload: stop the tape once a stage is in play, press PLAY when the next one loads. +3 disk: choose Loader.

CONTROLS

O left, P right, Q jump, SPACE fire, or define your own keys. Kempston, Sinclair and Cursor joysticks.

BONUS SYMBOLS

Fire wheel	punk Giana smashes bricks
Lightning	dream bubbles
Double lightning	bubbles that rebound
Strawberries	bubbles that home in
Clock	hold fire: creatures sleep
Magic bombs	hold fire: creatures vanish
Water-drop	a help against fire
Lollipop	an extra life

TIPS

- Not everything is visible: some bonus rooms are very well hidden.
- Not every creature can be hit by dream bubbles.
- Have you ever jumped on a neurotic eye?
- A bad dream costs every bonus symbol collected.
